

Information Sheet

InnovationTM Wall Plate Splitters

The world's first 2-way splitter designed to be installed into a wall plate!

Wall Plate Splitters by Gale Corporation are the first and only multi-port splitter designed and patented exclusively for wall plate installations. Our device attaches to the back of a standard wall plate offering the capability to easily install a 2, 3, or 4-port splitter into a single gang wall box.

FEATURES

- 5-1000 Mhz bandwidth
- 25% improved circuit performance over our competitors' splitters
- 360° seizing pins on all ports
- SMT components on internal PCB
- Premium Intermodulation distortion and second harmonics performance
- Flat end machine-threaded Fports with no parting lines at base
- Easily identified color-coded port labels
- Heavy duty cast zinc case with -130dB RFI

<u>Description</u>
2-Way Splitter (angle)
3-Way Splitter
4-Way Splitter
